

R10-DTF

UV-curable Direct-to-Film Ink

For durable decals on hard surfaces

Applications & Substrates

Ruby R10-DTF is a UV-curable, direct-to-film ink set developed for decals on hard goods.

Designed for LED-UV printers, it combines vivid colour, strong opacity, fine detail and optional clear varnish effects to deliver smooth transfer, clean release and a durable final bond.

Ruby R10-DTF is ideal for gadgets, branding and various promotional items in glass, wood, plastic, metal, ceramic and more.

Features

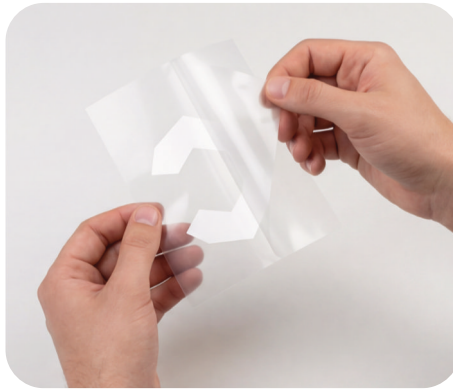

- LED-UV fast cure with stable jetting on DTF, PET and paper-based A-films
- High-opacity White for dark, tinted and metallic substrates
- Clean releases from carrier; strong final bond
- Optimised for LED UV Lamps
- Supported by NUtec Digital's Ink Delivery System (IDS) Warranty

R10-DTF
